

2025 Seabob F9S £13,950 VAT UK TAX paid

FOR SALE; 2025 SEABOB F9S in Carex Yellow. This is an unused unit that is the fastest, lightest, and most powerful underwater scooter in the SEABOB lineup, designed for high-performance aquatic adventures.

Here's a detailed look at what makes the SEABOB F9S stand out: Performance & Power Thrust Rating: The F9S delivers an impressive 84TP thrust performance, making it the most powerful SEABOB ever built. Speed Modes: It features three driving modes—Normal, Dive, and Sport. Sport mode unleashes full engine power for thrilling surface rides, while Dive mode offers more sensitive control for underwater exploration. Acceleration: Known for record-breaking acceleration, it's engineered for speed and agility both above and below the water.

Ergonomics: Equipped with digital thumb-operated controls and gearless acceleration, it offers smooth transitions and intuitive handling.

Features & Safety, Foil Technology: Patented foil design improves stability and agility, especially during high-speed turns or dives.

Safety Mechanisms: Automatically stops and floats to the surface if released or if depth limits are exceeded, ensuring user safety.
